

JACKSONVILLE, ILLINOIS, FRIDAY, APRIL 12, 1912

ADVOCATES OF RECALL SCORED

TERMED AS INSINCERE DEMAGOGUES BY TAFT.

Act Without Sufficient Knowledge of Need for Preservation of Constitution—President Filled Two Engagements in New York.

New York, April 11.—President Taft charged to night that many of those persons who advocated the recall of judges or the recall of judicial decisions are insincere demagogues, acting without sufficient knowledge of the need for preservation of the constitution or its guarantees. Some of the men who preach the recall, he said, were sincere; but all of them acted from a desire to propose changes rather than with any definite plan for the improvement of conditions.

The president was speaking to the Union League club of New York. He mentioned no names, but announced with emphasis that the "sensitive nerve" in the serious minded people of the country had been touched by these proposals, and that when they realized that "impious hands were likely to be laid upon the ark of the covenant," the judicial branch of the government, a profound test was heard from "all thinking people."

Mr. Taft came to New York to night to keep two engagements. The first was with fellow members of the Class of Yale '78, at the University club; the other with the Union League club, which recently announced its endorsement of his candidacy.

In beginning his speech the president thanked the Union League club of New York and Philadelphia for their recent endorsement of his candidacy. It has been unusual for these organizations, he said, to take any part in pre-convention campaigns.

"But," he added, "circumstances have made the present pre-convention campaign such a character that the Philadelphia and New York clubs have indicated in resolutions a conviction, on the part of nearly all their members, that there is something at stake in this campaign that should awaken the interest and arouse the action of all who believe in the principles and form of government that are embodied in our present constitution, and who cherish the institutions preserved and secured by that constitution as essential to the maintenance of liberty regulate by law."

"The necessity that there was for arousing our people to prevent the abuses of corporate privilege and power and to wrest from concentrated wealth the exercise of political control and the success that has attended such agitation among the people," he continued, "have been taken advantage of by persons, some of them sincere, some of them demagogues, all of them with an insufficient knowledge of the necessity in the maintenance of liberty and its guarantees to propose changes, rather for the sake of change than with any definite plan of improving the body politic."

"Because courts have not manifested as quick perception of the advantages to be realized from these proposed changes, and in some instances have perhaps unduly broadened the scope of restrictions to declare them invalid, it is proposed to change the whole nature of our judicial system and render it subject to popular review either by what is called the recall of the judges when their conduct on the bench is not approved by a majority of the voting electorate, or by a recall of decisions, and a reversal of the judgment of judges whenever they declare invalid a legislative enactment which they deem to be in violation of the fundamental law."

"It was not until the sensitive nerve of the serious minded people of this country was touched by the proposition to recall the judges, or to recall their decisions, that such people of all classes began to realize that impious hands were likely to be laid upon the ark of the covenant, which is the independence of the judicial branch of our government. A profound protest was heard from all thinking people against the proposal."

"I am here to night to express my satisfaction that the members of this club have felt it to be their duty to express to the public at large their sense of the crisis through which our institutions are passing, and the necessity for guarding as we would our life and everything that we hold dear in our homes and our life, against the innovations that are so recklessly advocated by men who profess to be acting in the interest of reform and progress."

"In this contest for the preservation of our ancient landmarks of government and for the security of life, liberty and property involved in the maintenance of an independent judiciary, we may from time to time suffer a temporary defeat, but those of us, and they are most of us who have an abiding faith in the judgment and good sense of the American people, may well have confidence that in the end the real benefit of the people will prevail, and that they will defend and protect these institutions that have served them so long and so well."

NO SERVICE FOR DEAF.
Rev. George B. Williams will be unable to keep his appointment at Trinity church this evening. He will come in May.

VAST AMOUNT OF AVAILABLE ORE

PLACED AT BILLION FOUR HUNDRED MILLION TONS.

Of This Amount 550,000,000 Tons Controlled by United States Steel Corporation—Views of Joseph Sellwood, an Ore Expert.

Washington, April 11.—Joseph Sellwood, an ore expert of Duluth, told the house steel investigating committee today that the Lake Superior ore region contains one billion four hundred million tons of available ore, of which about 550,000,000 tons excluding the Hill lease ores, are controlled by the United States steel corporation. Asked as to the amount of ore existing in the area included under the Hill lease, Mr. Sellwood said that it was at least 225,000,000 tons. In this he included all the ore land owned by J. I. Hill and the property owned by others which went in on the lease to the steel corporation. This lease has been cancelled by the corporation, expiring in 1915, when all that ore will be available to concerns outside the steel corporations. Don H. Bacon, formerly of the Tennessee Coal and Iron company, declared that there were at present 400,000,000 tons of available ore owned by that company now a subsidiary of the steel corporation. The Birmingham district, he said, contained vast areas of undeveloped ore. He added that modern invention and improved process of manufacture were gradually reducing the metal per cent necessary in ore for manufacturing steel. As these processes progress the lower grade ores now of value become useful he asserted.

FREE SUGAR AGITATION

Frank C. Lowery Admits Federal Sugar Refining Company Paying for Propaganda.

Washington, April 11.—Frank C. Lowery of the Federal Sugar Refining company of New York, testifying before the senate finance committee today, admitted that the company had paid for the free sugar propaganda and were leading advocates of the measure. He agreed with Republican members that enactment of the bill would wipe out the domestic production of sugar. Ever since the finance committee began hearings on the measure, Mr. Lowery and the company he represents have been attacked for their advocacy of free sugar. Many witnesses have told the committee that the refiners were behind the movement for free sugar and attacked them in such scathing terms, that Mr. Lowery recently asked the committee permission to reply to the attacks.

Senator Smoot of the finance committee is preparing a substitute for the house bill which probably, among other provisions, will abolish the Dutch standard. It is generally understood that Senator Smoot is responding to a request from the sugar men for a reduction fixing a rate which may not soon be disturbed.

BRYAN AND HARMON.

Former Will Invas Ohio and Latter Nebraska.

Washington, April 11.—Governor Harmon of Ohio will invade Nebraska on a speaking tour tomorrow and at the same time William J. Bryan, who has announced that he would not be a member of a Harmon delegation to the Baltimore convention, will begin a speaking tour in the governor's home state. A statement issued from the Harmon national headquarters to day said in part:

"While Governor Harmon is making a whirlwind speaking tour of Nebraska, Col. Bryan will invade Ohio in an attempt to prevent the former from having a solid delegation from his own state."

HAYWARD WILL BE BUSY.

Washington, April 11.—William D. Hayward, secretary of the Republican national committee, announced here today that he expected to put in busy six weeks, beginning May 1 with a large force at Chicago headquarters preparing for contests which must be heard by the committee prior to the convention, which assembles June 18. Credentials from opposing factions are already pouring in upon him from many states.

END MARTIAL LAW TO DAY.

Rock Island, Ill., April 11.—Military control which has prevailed in modified form in Rock Island since the fatal street rioting more than two weeks ago will be abandoned tomorrow, and three companies of the sixth Illinois regiment, from Freeport, Morrison and Galesburg, will depart for their homes.

The special grand jury called to fix responsibility for the rioting in which two persons were killed and nine wounded, reconvened to day after a recess of several days. It is expected to return its findings to the court tomorrow.

AGREE TO SETTLE STRIKE.

Chicago, April 11.—An agreement was reached to night to settle the strike of 14,000 union carpenters who suspended work several weeks ago. The men are to receive an increase of five cents an hour.

HEAD OF COLONIAL DAMS.

Chicago, April 11.—Mrs. William S. Potwin of Chicago to succeed the late president of the Colonial Dames of America for Illinois.

THURSDAY IN CONGRESS.

NEW DEPARTURE.

Selling Medicines Under Guarantee of Cure.

After two months of remarkable sales, Coover & Shreve, the enterprising druggists, say that their plan of selling the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia and guaranteeing to refund the money if it does not cure, has been the greatest success they have ever known.

Anyone suffering with dyspepsia, constipation, liver troubles, head aches, dizziness, coated tongue, or general tired feeling, caused by indigestion, liver and bowels or disorders, should take advantage of Coover & Shreve's new departure and buy a bottle of Dr. Howard's specific, with their personal guarantee to refund the money if it does not cure.

Mallory Bros' orchestra left its tonight for Rockhouse, where they played for a dance.

DELIBERATE MURDER.

Suer Is Opinion of Government in Killing of American by Mexican Rebels.

Washington, April 11.—The indignation of state department officials over the execution of Thomas Fontaine, the American summer who was captured by the rebels at Parral, Mexico, is believed to be certain that prejudice any attempt on the part of the Mexican rebels to secure any recognition of belligerent rights, so necessary to a successful conduct of their campaign. In the opinion of the state department, the man's killing was a deliberate murder, but it is recalled that in his proclamation President Taft expressly warned Americans against participating in the revolution on either side, indicating plainly that they would do so at their own risk. This, however, does not preclude the government from taking measures to secure reparation. Meanwhile there does not appear to be any immediate action in contemplation of the state department. It is regarded as rather a coincidence, that at the time of the rebels' execution, General Orozco, the rebel commander, directed Elizabeth Wells, Ruth Staff, Dorothy Woff, Ruth Wilkinson, Irene Katherine Gustavson, Corrine Mand Whitaker, Pearl and Dollie Parton, Pearl Moxon, Beulah Stahl, Abbie Drake, Edith Haglan, Irene Baldwin, Bessie Zeppenfeld, Florine Baldwin, Edith Strandberg and Helga Maddox.

MILK FOR BREAKFAST.

Beginning April 8, we will make an early delivery.

IRELAND HOME RULE BILL.

Introduced in House of Commons by Prime Minister.

London, April 11.—In a speech lasting nearly two hours, and described by old parliamentarians as the most important speech of the prime minister to day introduced in the house of commons the home rule bill which bears the official title of the "government of Ireland bill." The premier explained the bill, which is divided into four parts—the legislative power of the new Irish parliament, its executive power, finances and the position of Ireland after the grant of home rule. The object of the government, he explained, was to give Ireland with regard to Irish affairs real autonomy, subject only to such safeguards as the peculiar circumstances of the case required.

DISTINGUISHED ITALIAN.

New York, April 11.—Pasquale E. Fiori, a member of the Italian senate and distinguished for his knowledge of international law, arrived here to day from Italy.

His mission is to deliver the opening speech on April 25, in Washington before the American Association of International Law, where he will touch on all questions pertaining to the important problems of the day between the nations. One of his speeches will be on disarmament.

AERONAUT DEAD.

Lynn, Mass., April 11.—John H. Hall, an aeronaut who served in the balloon squad of the northern army during the civil war, died today at a hospital, aged 79 years. Hall made many thrilling adventures in the air when aeronauts was far less of a science than today.

GENERAL GRANT DIES SUDDENLY

NEW YORK SHOCKED BY NEWS OF DEMISE.

Had Been Ill Less Than an Hour—Was Eldest Son of Noted General—Cause of Death Was Heart Failure.

New York, April 12.—"Grant is dead." The news, flashed from the apartments of Major General Frederick Dent Grant at the Hotel Buckingham shortly after midnight, sent a shock through the city such as that which started the country upon the death of his father, twenty-seven years ago.

The news was far more sudden. It came less than an hour after the first alarm had been sounded, that General Grant was even seriously ill. The alarm itself had come before it had been generally learned that General Grant was even in the city, as his presence here had been kept a secret.

"Get a physician quick. The general is dying."

This telephone message received at the night desk of the Buckingham at 11:20 o'clock last night, was the first news. A bell boy was dispatched to a physician's home nearby, but the physician was not at home. Mr. Grant was notified and chafing at the delay he cried back hysterically:

"Get an ambulance, get anybody. The alarm was sent to police headquarters, from which an ambulance was dispatched. Cabs were put in at random also, for physicians in the Fifth avenue district, and within a few minutes two had responded."

When the ambulance arrived within four minutes of the alarm it was said that General Grant probably was dying. He was in too dangerous a condition to be moved, and the ambulance drove away.

At midnight the general died. In the half hour previous the alarm over his condition had aroused all the newspaper offices, in most of which the reports were regarded with caution in view of the fact that General Grant's presence here was not known. Many newspaper men were on the scene in a few minutes, however, but as none was allowed to go to the apartments the exact state of affairs was a matter of doubt until an end was put to all when the hotel clerk was heard to repeat over the telephone:

"Grant is dead."

The first hand information as to the cause of death was coming, but later it was stated that the cause was heart failure, following diabetes and attending digestive disturbances.

Schedule of Decisions.

Major General Frederick Dent Grant, eldest son of Ulysses S. Grant, eighteenth president of the United States, was born at St. Louis, Mo., May 21, 1829. He was with his father during a part of the civil war. After the war he entered West Point and was graduated in 1851.

Grant served in the Yellowstone expedition and in the Black Hills expedition, after which he accompanied his father around the world. He resigned his commission as colonel in the army in 1881 and engaged in various enterprises. He was appointed minister to Austria by President Harrison in 1888, but resigned on the election of Mr. Cleveland. Under Mayor Strong he was one of New York's police commissioners, but at the outbreak of war with Spain in 1898, he became colonel in the Fourteenth New York Infantry and was appointed brigadier general of volunteers on May 27. On February 18, 1901, he was appointed brigadier general, U. S. A., and reached the grade of major general five years later. He served in Porto Rico and was in command of various brigades in the Philippine Islands for several years, returning to the United States in 1902. He commanded the department of Texas in 1902-04, department of the lakes in 1904-08 and the department of the lakes again in 1909 and finally in the department of the east, to which he was appointed in the summer of 1910.

In 1871 he married Ida M. Honore, daughter of Henry Hamilton Honore of Chicago.

YATES WRITES TO FRIENDS.

Former Governor Yates is sending out the following manly letter to his friends:

My friends and I are defeated, but not disgraced or dishonored. We fought a good fight. For your aid in it, you have my gratitude.

As I look back over the fight, I cannot think of one thing to regret or retract. I, personally, preached party peace in ninety-two counties. Through the efforts of such friends as you, Republican harmony was urged, by nearly a half million letters and documents. Our plea to stop the sending within the Republican party, and to turn Republican campaigns into Republican love feasts once more, went into fully a hundred thousand homes. We have made things better, and not worse. We pledged ourselves to do this and we have done it.

As we have avoided abuse and offense, there is no enmity or ill will against us, and so we can help splendidly in the coming campaign. Personally, I am in a position to fulfill my pledge, made on the day of my announcement, and in that document, namely, that I will support the ticket, the whole ticket and whether nominated or not, with special energy in the state, if wanted. That pledge I will fulfill, and I will do it cheerfully and sincerely.

Mrs. C. S. Burdick.

CONGREGATIONAL CHURCH SUPPER.

The ladies of the Congregational church served an excellent supper Thursday evening at the church and realized a splendid sum of money. This was one of a number of suppers to be given by the Ladies' Aid society.

PETITION IN BANKRUPTCY.

Henry A. Wright has filed a petition on voluntary bankruptcy in the United States court. He gives his liabilities as \$27,038.00. No assets are scheduled.

CARD OF THANKS.

I take this method of thanking the many friends who so kindly remembered me during the recent bereavement in our home, and for the beautiful flowers.

Mrs. C. S. Burdick.

EXECUTE WILL OF THE VOTERS

STATEMENT GIVEN OUT BY GOVERNOR DENEEN.

In His Judgment State Convention Will Endorse Candidacy of Col. Roosevelt and Instruct Delegates to Vote for Him.

Springfield, Ill., April 11.—Governor Deneen, whose "winning" the Republican party is expected to dominate the Republican state convention in this city April 19, and who has been credited with being a Taft supporter, to night gave out a statement in which he expresses the opinion that the delegates from Illinois to the national convention will execute the will of the voters of the state, and will vote for Theodore Roosevelt for president. In his statement the governor says:

"In my opinion the delegates from Illinois to the national Republican convention will execute the will of the Republicans of the state by supporting the candidacy of Col. Roosevelt. The Republicans of Illinois have passed upon his candidacy, and the result is deemed by them, in my opinion, as binding upon their delegates to the national convention. In my judgment, the state convention will endorse the candidacy of Col. Roosevelt and will instruct the delegates at large to vote for him and the delegates will follow the instructions in their letter and spirit. They will not be content with merely voting for him in a prefatory way, but will join his friends in the convention in doing all within their power to secure his nomination."

"I believe too that this will be the attitude of the delegates from the congressional districts, which will be carried. No other action could be taken in view of the provisions of the presidential preference primary law of our state."

ELECTION RETURNS

Some Democratic Nominations Still in Doubt.

Chicago, April 11.—Figures obtained up to mid-night to night indicated that all the present Republican state officers have been re-nominated and that Andrew Russel has defeated L. L. Emerson for the nomination for state treasurer.

All the races for the Democratic nominations to minor offices are so close it is impossible at this time to determine the winners. The race for lieutenant governor is particularly close, Frank D. Comerford leading at the present time with about 3,000 votes.

Reports on many nominations, notably for state offices below governor are coming in slowly. Some of them may be in doubt until the official returns are made in Springfield next week.

Reports on races for minor offices from Cook county and 54 of the 101 counties down state give the following unofficial figures:

Lieutenant governor—Oglewey, 14,960; Tilkay, 11,202; Ostewick, 27,496.

Secretary of state—Rose, 172,723; Church, 59,798.

Attorney general—Stead, 159,465; Reid, 61,577; Weaver, 31,062.

Auditor—McClough, 131,969; Smith, 51,227; Ball, 37,007.

Treasurer—Russel, 123,810; Emerson, 70,539; Heimbauer, 27,459; Rothwell, 15,018.

Reports on races for minor offices from thirty-five counties including Cook, give the following unofficial results:

Lieutenant governor—Comerford, 39,659; O'Hara, 36,107; Tate, 31,113; Craig, 25,980; Golden, 14,348; Pickering, 10,581; Ewing, 10,435.

Secretary of state—Woods, 61,551; Reider, 51,522; Olson, 40,762.

Treasurer—Russel, 123,810; Emerson, 70,539; Heimbauer, 27,459; Rothwell, 15,018.

Attorney general—Lucy, 68,728; Isley, 46,773; Bowles, 43,556.

Auditor—Brady, 12,258; Stewart, 48,351; Sultan, 38,283.

Related returns from the primary election on night made certain the control of the state machinery of Democratic and Republican parties by National Committeeman Roger Sullivan and Governor Deneen respectively.

Trades and Labor Assembly Feels Unfavorable to Street Railway Measure.

The Trades and Labor assembly held a meeting Thursday night to consider the proposed franchise for the Jacksonville Street Railway Co. Mayor Davis, Commissioner Knollenberg and F. G. Huff appeared before the assembly and explained the franchise and emphasized the points on account of which they believe it fair and equitable to the city.

After these gentlemen withdrew and the assembly in executive session argued the matter at length. It was decided that the assembly will oppose the passage of the franchise ordinance because of the one man control therein. The members of the assembly figure that the adoption of one man cars will cut down the company's local force of employees at least by five, that the wages of these men amount to about \$3,000 annually. They have decided that \$3,000 earned and spent in Jacksonville is better for the city than to receive \$1,500 from the company as the percentage of gross profits.

Mrs. C. P. Herald of South Jacksonville fell from a porch recently and sustained a bad sprain.

FIRE ALARM.

Thursday afternoon about 4:15
o'clock the fire department was called
to the corner of South Main and Ed-
mond streets, where the barn on the
Duckles property was on fire. The
blaze started from some dry grass
which is supposed to have been set
on fire by some children playing in
the barn. Some men in the neighbor-
hood extinguished the fire before the
department arrived and the damage
was slight.

WAS BEAUTIFUL CHURCH WEDDING

MISS MARY LIGHTFOOT MASTERS
AN APRIL BRIDE.

Was United in Marriage to Dr. John
Ray Newcomb of Indianapolis in
Impressive Ceremony—Reception
Held at "The Maples"—Will Take
Wedding Trip to Panama.

The marriage of Miss Mary Light-
foot Masters, daughter of Mrs. S. D.
Masters, of "The Maples," and Dr.
John Ray Newcomb, son of Mr. and
Mrs. Horatio C. Newcomb of In-
dianapolis, Ind., which took place
Thursday evening at 8 o'clock at
State Street Presbyterian church,
marked probably the most brilliant
nuptials ever witnessed in Jackso-
ville. It was a social event that has
been looked forward to with special
interest on account of the promi-
nence of the young people, and all
the appointments were so carefully
made that nothing was left undone
to add a charm to the beautiful rain-
bow wedding.

For this nuptial event State Street
church was transformed into a
bower of beautiful floral designs,
never surpassed in the city. Every-
where could be seen the touch of the
artist's hand. A color scheme of
white and green had been worked
out in detail, the windows and doors
being draped in southern silk and
all the radiators were hid beneath
various shaped ferns. In the two
main aisles of the church were con-
structed six arches, eight feet in
height, three in either aisle. These
were decorated with asparagus
plumosa and large bunches of Easter
lilies. It was the space in front of
the organ and to the altar railing
that lent an almost indescribable
charm. A large conventional arch
had been constructed in the center
of the space and it was beautifully
adorned with asparagus and lilies.
The pulpit was a mass of palms and
ferns of every variety and size, and
on either side of the conventional
arch was placed a tall vase filled
with Easter lilies. At the edge of
the rostrum, in symmetrical order,
were box wood trees and the choir
loft was banked with Easter lilies.
The chandeliers were draped in long
streamers of snail and the rays of the
incandescent lights playing
through the leafy bowers made a
picture that will long remain in the
minds of those who witnessed its
beauty and breathed the fragrance of
the flowers.

While the guests were assembling
the following musical program was
given:

Cantilene Nuptiale Du Bois
Mrs. Genevieve Alexander Taylor,
Love's Coronation Aleward
Mrs. Lane Wilson
Meditation Mr. William E. Kitchin
Unto the Heart Alitson
Mrs. Sarajane Brown.
Violin Obligato Mr. Kitchin.
Madrigal Chaminade
Oh, Promise Me R. De Keven
Mrs. Sarajane Brown.

The musicians never appeared to
better advantage and their efforts
were especially pleasing to the large
audience present.

Entrance of Bridal Party.

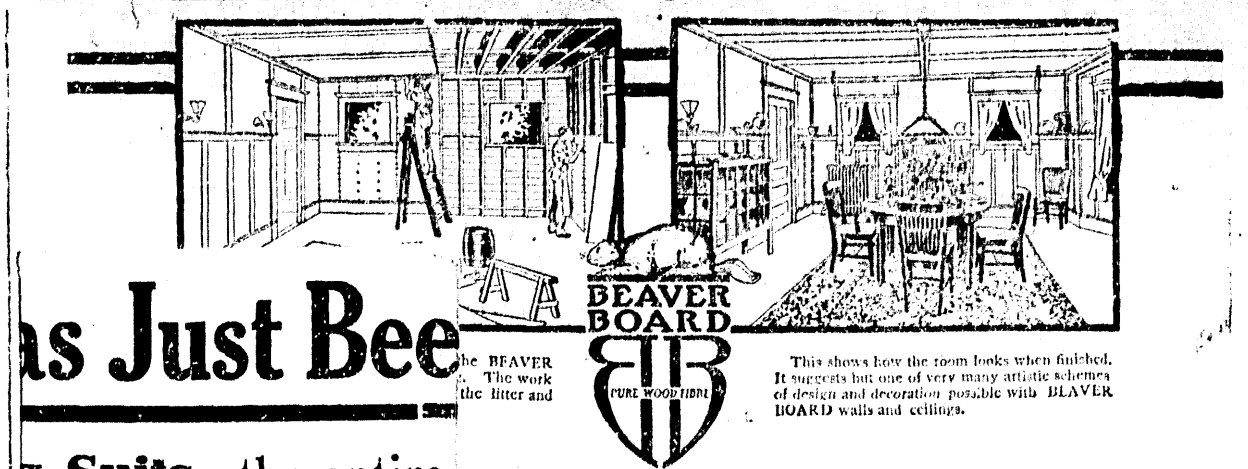

To the strains of the wedding
march from Lohengrin the bridal
party entered the church from the
west aisle. The little ribbon bear-
ers were first to appear. They were
Eleanor and Florence Leonard Mas-
ters, nieces of the bride. They wore
white lace Russian coat dresses,
white stockings and shoes and car-
ried bunches of lilies, attached to
a chain of snail, through which the
bridal party passed.

The ribbon bearers were followed
by the bridesmaids: Miss Ina
Harber of Bloomington; Miss Mary
Condit of Winchester; Miss Helen
Lewis, Quincy; Miss Margaret New-
comb, a sister of the groom of In-
dianapolis, Ind.; Miss Frances Avery
of Peoria; Miss Helen Phelps. They
were dressed in crepe-de-chene
gowns, dutch neck and short sleeve
of matching tuck chiffon with long
macrame lace coats; with this cos-
tume they wore maline turban head
dresses, with still upright cockade
of accordion plaited maline and
long handied gold baskets, filled
with Easter lilies, tulip streamers
extending down from the baskets.
Misses Harber and Condit's gowns
were of light green; Misses Lewis
and Newcomb, of pink; Misses Avery
and Phelps, light blue.

The matrons of honor were Mrs.
Henry Nelson Schofield of Oklahoma
City, Okla.; Mrs. Willard Irving
Gabriele of Sebring, Ohio. They wore
their wedding gowns and leghorn
picture hats, faced with black velvet
and trimmed with chie bows of yel-
low and white chiffon. They car-
ried large yellow chiffon muffs,
covered with natural yellow tulips.
Miss Lucile Harris of New York
City, was the maid of honor. She
was dressed in a white satin gown,
with over drapery of embroidered
yellow chiffon and carried a similar
flower muff; in her hair she wore a
coronet of yellow tulips, caught at
side with pale ostrich yellow tips,
with a short tulle veil falling over
her shoulders.

The bride was attended by her
brother, Mr. Arthur Madison Masters.
She was gown in a beautiful crea-
tion of crusted silver applique lace
draped over corsage and mingled
with the skirt draperies against
Ducasse white satin, square neck
and elbow sleeves of Venetian point
lace, court train, draped with ob-
long veil of real lace, gathered into
a cap effect about the head, which
permitted it to flow gracefully to
the bottom of the train, where it
was caught by a wreath of orange
blossoms. She wore a diamond and
platinum pendant, designed by the
groom, and carried a shower bou-
quet of orchids and lilies of the val-
ley.

The bride's gift to the groom was
a diamond and pearl set in platinum.

NEW DEPARTURE.

Selling Medicines Under Guarantee of Cure.

After two months of remarkable sales, Coover & Shreve, the enterprising druggists, say that their plan of selling the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia and guaranteeing to refund the money if it does not cure, has been the greatest success they have ever known.

Anyone suffering with dyspepsia, constipation, liver troubles, headaches, dizziness, coated tongue, or the general tired feeling, caused by inactive liver and bowels or disordered digestion, should take advantage of Coover & Shreve's new departure and buy a bottle of Dr. Howard's specific, with their personal guarantee to refund the money if it does not cure.

MEDICAL MEN HELD CONFERENCE

Dr. Carl E. Black, councillor for Sixth District, gave dinner at Peacock Inn—County Society Met.

Dr. Carl E. Black, councillor for the sixth district of the Illinois State Medical society, gave a dinner at 1 o'clock Thursday afternoon at the Peacock Inn for the presidents, secretaries and delegates of the societies in the various counties of the district. The meeting was called that the physicians might confer relative to the work of the state society in this district and proved very helpful. Those present from out of the city were Dr. W. E. Ferguson and Dr. E. C. Ferguson of Edwardsville, Dr. M. B. Titterton and Dr. A. K. Van Horn of Jerseyville, Dr. H. A. Chapman of White Hall, Dr. J. W. Weis of Manchester, Dr. William Parker of Mt. Sterling and Dr. J. E. Owens of Hammers.

The counties included in the sixth district are Adams, Brown, Cass, Pike, Scott, Morgan, Greene, Calhoun, Macoupin, Jersey and Madison. In the evening a regular meeting of the Morgan County Medical society was held at the public library, at which Dr. Carl E. Black gave a splendid paper on "Displacements of the Colon," using fifty stereopticon slides and X-ray plates in illustrating. Following the address, a profitable discussion took place. Among the physicians present from out of the city were Dr. Webster of Murfreesboro, Dr. L. J. Harvey of Griggsville, Dr. Fowler of Cooperstown, Dr. Blackburn of Virginia and Dr. P. H. Metcalf of Franklin.

NOTICE TO THE PUBLIC.

We, as the former bosses of all union men of this city, wish to notify the public that there is no "lockout" as reported on the streets. The union submitted a scale of prices to us and we submitted our scale to them. We refused to sign their scale by reason of their having raised the prices over last year. We did not feel that conditions justified paying them more money. Thereupon the union men all left our shops. Therefore, we declare our shops "open shops" and will employ good, first-class craftsmen.

"CASEY JONES" SATURDAY.

The Anderson, Ind., Herald has the following about "Casey Jones," to be seen here at the Grand Saturday afternoon and night:

"Casey Jones" was in town last night. He had been before out in song, but "Casey Jones" in activity was seen for the first time here last night when he appeared on the stage at Grand Opera house. The comedy of that name created a lot of smiles. Casey Jones does not undertake to cause any sighs nor to present vexing problems to thread out. It is just plain comedy, fun and music and some clever specialties thrown in. John Fenlock was in the role of Casey Jones. He had a lively support, including Lydia Powell. It is not a \$1.50 production or does it assume as much but for a popular price of comedy of the modern sort it comes close to trimming a lot of plays that cause a strain on purses."

ARE YOU GUILTY.

Do You Smoke Too Much, Drink Too Much, Eat Too Much?

It takes a mighty good stomach to feel ready for a good breakfast the morning after the banquet or social session.

"What do you want for breakfast?" Inquired Brown's good wife. "Just a pleasant smile and a breath of fresh air," answered Brown the morning after an important meeting at the lodge.

If you eat, smoke or drink too much always remember that two little MI-O-NA stomach tablets taken just before you go to bed will destroy all poisonous gases and leave you with a sweet, clean stomach in the morning.

For indigestion and all stomach distress, MI-O-NA is the best prescription in the world. Coover & Shreve sell it on every back plan. Large box only 50 cents.

FOUND DEAD IN BED.
John Dreen of Virginia, relative of Mrs. Ellen Dreen of this city, house mother of little girls at the I. S. D., was found dead in bed Thursday morning at the home of his sister, Miss Alice Dreen, northeast of Virginia.

The deceased was 70 years of age, was former sheriff of Cass county and for a number of years was prominent in the Democratic politics of that county. He is survived by his wife, one son, Ned Dreen, former student of the I. S. D., and who worked at McDougall's studio for a time, and who is now in a studio in Aurora. He also survived by one daughter, Mrs. E. M. Strubling of Iowa Summit, Mo.

CHOSEN BASKETBALL CAPTAIN.
Lester Buehelt has been elected captain of the Illinois college basketball team for the next season. At the student meeting of the college this week the 15 were awarded to the 1912 team and the election of Buehelt took place immediately following the meeting. Those who received the election were Phillips, Capt. J. Hedrick, Swain, Darrach, Jarecki and Buehelt.

Buehelt the past season has been manager of the team and has also played at forward. This is his second year in college. The first year he served as substitute on the team until this season he earned a regular position and has been filling it with credit to himself and to "Old Illinois." He has developed rapidly and he continues to improve as he has the past season he will do wonders for his college in athletics, "ho graduates." He is in every way deserving of the honor conferred upon him by his teammates. Buehelt hails from Bradenton.

CHAUTAQUA TO BE HELD IN THIS CITY

PLAN PROPOSED BY MR. SHAW MEETS WITH UNANIMOUS APPROVAL.

Business Men's Association Took Action at Special Meeting Thursday—Motion Is Passed Favoring Proposed Street Railway Ordinance and Hopes for Its Adoption Are Expected—Council Commended for Work in Connection With Franchise.

There was a well attended meeting of the Business Men's Association Thursday morning for the purpose of hearing the report of the special committee on the question of having a chautauqua here this summer and for taking action regarding the formal endorsement of the franchise by the association. William Newman called the meeting to order and introduced James H. Shaw of Bloomington, the gentleman with whom negotiations have been conducted, and asked him to explain the situation.

Mr. Shaw reiterated practically what has already been published. He said all he asked was the sale of \$2,000 worth of tickets and nothing more. Ticket holders would thus become interested in the project and be boosters and attendants. This was far better than a guarantee of the same amount. All other risk he would assume and see to the program and supply the attractions. If there were any profit 25 per cent of it would go to the Business Men's Association and 75 per cent to him, but he hardly expected any gain the first year.

There should be special committees, such as advertising, grounds, reception, program and the like. He felt certain of success for he had been for years in the business and had not failed yet. He thought it would grow into something better. In Hopedon, a place much smaller than this, they had in the second year carried an advertising campaign of seating 5,000 people. He made a stipulation that he should have an option for two years more for it would be probably up hill work the first year to make the affair go, but the advertising it would give the coming years would make them profitable. There were so many plans and features regarding the matter, plenty of families, the novelty of camping out, a nice way to entertain friends and a host of things too numerous to mention, all would tend to make the affair one which would be a great benefit and pleasure to the town and county. He told of his experiences in other places and how he had made a success where heretofore there had been a failure. He said the idea of a home coming festival had been considered, but had not been deemed possible, or at least had not been worked out. He asked Dr. C. E. Black to fill about the work of the committee.

Dr. Black said that a committee consisting of the heads of the various educational institutions in the city, together with some others had been appointed to investigate the matter of a grand home coming festival in connection with commencement exercises of the various educational institutions, but it had not been deemed advisable to try such an enterprise yet at any rate, it had not been undertaken but the committee had not Mr. Shaw and had thoroughly looked into his proposition and the report of the committee was that they recommended the endorsement and acceptance of Mr. Shaw's proposition on the terms named to have a chautauqua and educational festival in this city some time during the latter part of August.

Dr. Barker moved the report of the committee be adopted by the association.

J. J. Reeve seconded.

The plan seemed so satisfactory that no one cared to make any remarks and the motion prevailed unanimously.

J. J. Reeve moved that the committee be continued and attend to all details necessary to working out the plan of the chautauqua. Carried unanimously.

This committee will have the selection of a site, handling funds, appointment of sub-committees, and the like.

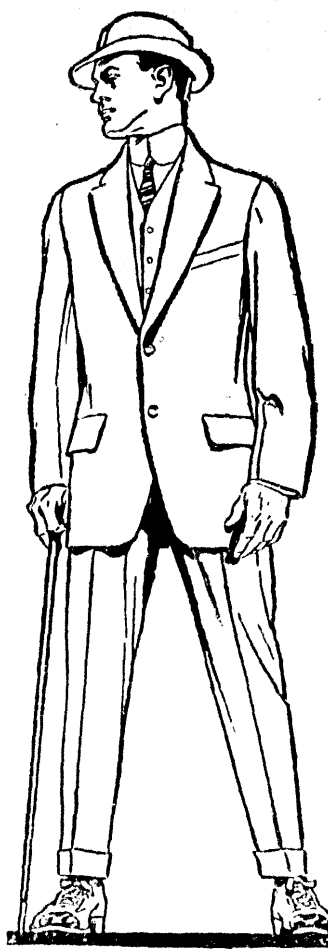

Bernard Gause moved that the meeting take up the matter of the street railway franchise.

E. J. Andrews seconded and it was carried and Fred G. Bufile, representing the company, read the franchise as approved and agreed upon by the council and the company.

This has already been published in the Journal and need not be repeated here.

Mr. Bufile then proceeded to tell the history of the document. The company thought they had a franchise already and the city thought not. The representatives of the company and the council had a number of meetings and discussed the matter informally. The city offered a franchise and the company offered one and neither was willing to accept the document offered by the other and then came the necessity of a compromise, an ordinance in which both could agree and after many meetings and much effort such a document had been secured and would be read.

Mr. Bufile explained that section 5 relating to the one man car had been considered questionable by many. He explained that the company proposed to put on new cars which he was certain would be a success. It had been tried elsewhere and had proved satisfactory. The car would always stop on the right side of the street, passengers would pay as they entered, step would not let down while the car was running, and it would be taking a car which started at the oblique angle and were in motion. Of course the company would have to make the repair for time they make now and start from the scene in the direct direction each quarter of an hour and if the one man cars proved successful they would have to put on others, but he thought on busy days

trailers would solve the difficulties feared.

A special service would be set up for the St. Louis car, to run at 10:00 a. m. and 10:00 p. m. started at that hour. He said Jacksonville was not a very desirable place for street railway as was the case with all places. Of its size, space taking the system, the company had spent here about \$100,000. The annual income had grown from about \$47,000 to about \$52,000. The operating expenses were about \$32,000 and when depreciation, interest on capital and other expenses were considered it was not a very profitable investment. He spoke at some length regarding various phases of the subject and answered various questions propounded to him.

E. E. Chastree, seconded by W. J. Brady, moved that the association tender its thanks to the city council and officials for the presentation of the ordinance and recommend its adoption by the people.

The report of the committee favoring a chautauqua next August was adopted. The association went on record as favoring the proposed franchise for the Jacksonville Street Railway company and commended the city council for interest shown in bringing the franchise matter to the present status.

He mentioned the fact that the ordinance provided for three per cent of the proceeds for the city which was better than most other places and he thought the city attorney and commissioners had done good work for the city.

The chair called for remarks from various persons present, the mayor and commissioners.

Mayor Davis said there was no great difference between himself and the commissioners. They had had a great deal of work getting together and preparing the ordinance and had tried their best to safeguard the city's interests in every way possible. The council had prepared an ordinance and the company one and neither was acceptable and by several meetings and conferences they had finally agreed on a document which he felt would be for the good of Jacksonville and at the same time fair to the company. Of course no ordinance can be perfect and suit all, but he hoped this would be accepted and endorsed by the people.

Commissioner Knollenberg approved of what the mayor had said and hoped the association would endorse the ordinance and that the people would approve it at the polls.

Commissioner Brown said he had felt that the ordinance was not all it should have been. For instance, the fact that the ordinance should be for the good of Jacksonville and at the same time fair to the company. Of course no ordinance can be perfect and suit all, but he hoped this would be accepted and endorsed by the people.

any city can wisely undertake the municipal ownership of street railways and their management. Some of the lines are now not in very good shape.

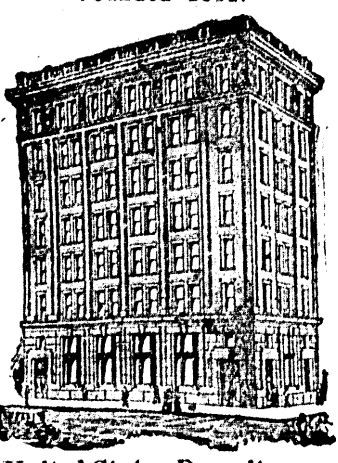

Mr. Bufile explained that the company would soon have the fixtures and material for crossing East State railroad tracks, take up the tracks on Illinois avenue as provided and run the cars to the east end of the line east of the railroad tracks.

Mr. Brown thought it unfortunate that the street railway, gas and electric light franchises could not all have been considered at one time. It would now be six months before another vote on a franchise could be had. Practically the same people own all three utilities and the whole could have been considered more advantageously. He felt that all companies operating public utilities were entitled to fair compensation; interest on investment, remuneration for depreciation and returns of operating expenses. A fair valuation of the plant should be ascertained and ordinances based on all the facts mentioned as stated.

Mr. Brown said further: "The schedule is the same and the hour of traffic are the same as at present, excepting a special early car, on which excess fare is to be charged, and which may be discontinued if it is found to be unprofitable. The book of 100 tickets is now sold for \$4 and the tickets for children are now sold at the 3-cent

MAY TAKE OVER INTERURBAN LINE

Representatives of Springfield Consolidated Railway Co. inspect Jacksonville-Springfield Road.

Fred W. Long, claim adjuster for the Springfield Consolidated Railway company, and several other representatives of the company were in the city Thursday on business relative to the Jacksonville-Springfield interurban. They spent the day looking over the line and it is said that this company will complete the construction of the road. The men with Mr. Long were A. E. Anderson, J. Brown, J. I. Hughes, Dickson Grant and J. P. Graham, all of Springfield.

The Springfield Consolidated Railway company is really a subsidiary company of the Hogan-Pyle Operating Co., which owns utilities in Springfield, Rockford, Peoria and a number of other cities, and is understood to be composed largely of Philadelphia capitalists. This corporation is said to equal the Illinois Traction company in financial strength. It owns the Detroit United Railway holdings and now owns since purchased 200 miles of steam road in Michigan, which is to be electrified. It is understood also that it is about to acquire the Michigan United Railway Co.'s holdings. If it does it will be the largest traction system in the world. It is present together with the Illinois Traction company and Stone & Webster ranks with the largest concerns in the country.

If the Springfield corporation takes over the Jacksonville-Springfield interurban, it is understood that it will use only part of the right of way secured as it is the company's policy to own a private right of way for the advantages to be derived from working on their own grounds.

A representative of the Illinois Traction company is quoted as saying recently that if the Springfield Consolidated company didn't build the interurban, there is an question but what the Illinois Traction system would, although it could not be undertaken at once. He said further that he hoped the Consolidated company would undertake to put the interurban through at once, as his company as well as others would receive advantages from it.

PRESENT DAY CONVEYANCES.
The other day the street car entering the square caused a lively horse to engage his driver's attention. On one side of the car came the man in the wheel chair, watching out for the high stepping horse. On another side came a motorcycle spinning along, and behind was the squeak of an automobile these days.

NOTICE OF PUBLICATION.
To Chester McDonald:
You are hereby notified, there is pending in the circuit court of Morgan county, on the chancery side of the docket, a bill for divorce from you, as defendant, by Eleanor McDonald, as complainant, to the May term, A. CHAUTAUQUA TO BE HELD IN THIS CITY.

(Continued from page four.)

The book of tickets for school children is a leader for the company, not a concession. The paying of tracks is not a concession, but is a tax now authorized by statute and is irrespective of whether the company has a franchise or has none. The interurban stipulation is most favorable to the company and grants them everything they ask.

The one man car provision is such that service and convenience of the public will suffer, and may be discontinued, and as now set forth, should not be in the ordinance. The payment of the 5 per cent to the city is in lieu of any wheel, pole tax, or any other special excise tax whatsoever, and is no more than they would be required to pay if taxes such as are imposed by other cities on such like property were levied. In addition the company proposes to decrease its expenses more than double this amount, through the means of the man cars. The trolley voltage is not limited, and any voltage may be used, thereby increasing the hazard to all aerial workmen employed on the lines of other companies. The track is unbonded, thereby making a return of all gas and water pipes, and in case of grounding of telephone or lighting service on the trolley or feeder, endangering the occupants of any building so affected. No requirements are made for delivering passengers on cars off schedule to the terminus of the track, and no provision is made that will better conditions on the East State street railroad crossing.

Mr. Gause asked Mr. Brown if he would abrogate the three per cent clause if he found the road was not making a fair return while paying it. Mr. Brown said all three properties were owned by the same; the business would naturally increase rather than decrease and there was no probability whatever of any such contingency.

Mayor Davis said they would have been glad to have all three ordinances considered at the same time but it was impracticable. It took a long time to get one ready for the election to be held the 16th and it would have been out of the question to get the others ready.

Mr. Buffe said the company would have been glad to do the same thing but it was not possible.

Mr. Brown said he was not finding any because it had not been done, only he regretted the fact because it would require a referendum vote on each and six months must elapse before such a vote could be had.

Mr. Gause said on the whole he thought it was better for it would be hard enough to understand properly the one ordinance without two more to study over. Mr. Brown said that a franchise requires a great amount of study. It may look all right and fair to the average person and yet contain elements which should not be there.

Commissioner Knollenberg said he probably might be partly to blame for the fact that only one ordinance was ready now. When the matter was brought he opposed it for there could not have been sufficient time to discuss them and get the other two at all properly prepared in time for the election April 16. Elections are expensive at best and it was deemed best to have these matters voted on by the people at the same time another election was due so there seemed no way, in his opinion, to have the three ordinances prepared at the present time.

J. J. Reeve thought it possibly the best thing on the whole for each bill should stand on its own bottom. Let the people carefully study the ordinance before them and digest it and then take up the others in due season. He did not fully endorse the whole ordinance which had been read but it must be remembered that it is impossible to get a document which all will approve and recommend. He thought by all means the present measure should be adopted.

E. E. Crabtree said it would be impossible to read an ordinance which would please everybody. This measure had been carefully considered and should be acted on; voted up or voted down.

Mr. Buffe said the company had done its best in the matter. It had to be a question of give and take. Regarding the iron poles, the whole measure had been mutually agreed on and when he came here he did not feel like opening up another question. As a matter of fact wood poles were becoming more expensive and very likely the company would use iron anyway. He thought the ordinance protected both sides very well.

Mr. Gause said it should be distinctly understood that in granting the gas and electric light franchises no compensation would be given the city but if the franchises were worth anything the sum should go to the consumers in the shape of reduced rates.

Mr. Newman said he thought the one man car section should be wholly omitted. He also thought the iron poles should have been required as the wooden ones failed.

The motion of Mr. Crabtree to endorse the ordinance and thank the city officials prevailed unanimously.

DECLAMATIONS AT THE HIGH SCHOOL

Annual Contest Held Thursday Night
Representatives for Spring Meet Chosen.

Thursday evening the annual high school declamatory contest was held in the high school auditorium with a large attendance. The contest was held for the purpose of selecting a representative of the school in the annual declamatory contest of the Western Illinois High School League, which is to be held in this city May 3, and first honors were won by Miss Florence Crane, with Miss Dorothy Cannon second and Miss Ruth Badger, Grace Hoffman and Jean Jenkinson tied for third.

The program consisted of nine declamations and two musical numbers, which were furnished by the High School Glee Club and high school musicians. All of the contestants acquitted themselves in an admirable manner and displayed marked ability as public speakers, making the contest a close one. It was some little time before the judges reached a decision. Miss Crane worked most faithfully on the contest and the decision of the judges in awarding her first place met with the approval of the audience, as was evidenced by their hearty applause. In addition to having the honor of representing the school at the contest of the high school league she was awarded a gold medal. The declaimers were instructed by Prof. F. Cook, instructor in English and public speaking at the high school.

The program follows:

WOMAN'S COLLEGE BEGINS CAMPAIGN

SUM OF \$180,000 TO BE RAISED BY JUNE, 1913.

College Must Have Permanent Endowment of \$100,000 to Maintain Its Standard—Subscriptions Already Received.

A campaign to raise \$180,000 for the Illinois Woman's college was inaugurated Thursday morning at the chapel exercises of the college and nothing this year has so aroused the enthusiasm on the part of the students and faculty as this undertaking. This campaign is perhaps the most important of its kind ever undertaken by the college, for upon its success depends the standing of the institution with the other colleges and universities of the land. The property of the Woman's college has increased from \$70,000 to \$425,000 with an indebtedness of \$80,000 on buildings and equipments. The student enrollment has increased five fold, but to maintain its standard as a college it must be free from debt and have a permanent endowment of at least \$100,000. The campaign, therefore, is to raise \$180,000 to pay outstanding indebtedness and provide the required endowment and the endowment committee, of which E. E. Crabtree is chairman, is making an appeal to the friends of the college to raise the sum by June 4, 1913.

At the chapel service Thursday morning the campaign was formally begun when Dr. Harker presented the proposition to the students of the college. Dr. Harker explained the imperative need of a liberal response on the part of the friends of the college and the hearty co-operation of the student body. He introduced a large chart containing the following inscription: "Illinois Woman's College Endowment and Improvement Fund, \$180,000 to be Secured by June 4, 1913."

Under this 180 squares, each representing \$1,000, were marked off, and as each \$1,000 is raised on the fund, the square is to be marked off. Dr. Harker stated that it was his purpose to secure at least \$50,000 of the sum required by next commencement. This will be over one-fourth of the entire amount to be raised and the less than three-fourths will be raised by the next June a year, or by June 4, 1913.

Dr. Harker said this was to be a great popular campaign in which all friends of the college could give. Some would give \$10,000, some \$5,000; many \$1,000, \$500 and \$100. Everybody will give something. A friend questioned the \$10,000 gift, but Dr. Harker declared that he was as certain that he would receive a \$10,000 gift to this campaign as he was that the whole would be raised on scheduled time.

Reception at "The Maples."

Following the ceremony at the church a reception was held at the home of the bride's mother at "The Maples," at 9 o'clock. Mrs. S. D. Masters, Mr. and Mrs. Horatio C. Newcomb and members of the bridal party were in the receiving line. They were stationed in the bay window of the library, which was prettily decorated with palms and lilies, smilax being used as a drapery. Colors which prevailed in the other rooms were: West parlor, pink; east living room, yellow; library, music room and den, green and white; dining room, yellow; hall, red. These effects were cleverly made through the use of pretty flowers, maiden hair fern, asparagus ferns and different colored lights. A most elaborate collation was served and the dining room table contained an immense heart completely filled with natural tulips and brilliantly lighted. The little wedding cake boxes were pictured with a shower bouquet and the initials "M" and "N" in raised gold.

During the entire evening Osborne's seven-piece orchestra furnished delightful music and the reception was of such social prominence that all present will recall it with many pleasurable thoughts. The young people's gifts were unusually beautiful and many.

Wedding Trip to Panama.

Dr. and Mrs. Newcomb will take a wedding trip to Panama, sailing from New Orleans. They will visit Cuba and other places of the vicinity. Dr. Newcomb is a personal friend of several railroad officials of the Panama country and many courtesies have been extended him on his wedding journey, which will cover a period of four weeks.

Dr. Newcomb has his office at 614 Time building, Indianapolis, and the young people expect to be at home to their friends after June 1, at 2030 North Pennsylvania street.

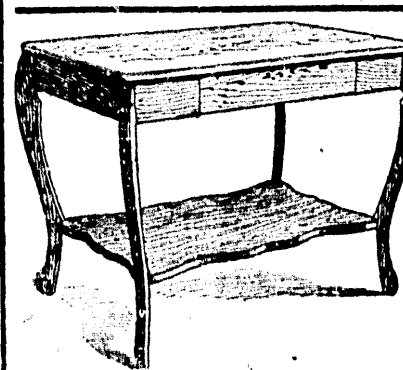

Guests From Out of City.

BOYS HAD HIGH OLD TIME.

Thursday morning at the recess hour a number of boys and girls of the high school went to the I. W. S. where they serenaded the girls of that institution. Dr. Harker was called on for a speech but he was too busy to respond and the boys returned to the park, where several speeches were given. After school they rounded up all the boys who did not accompany them to the college and gave them a bath under the school pump.

Enthusiasm reached a high pitch when Dr. Harker marked off of the chart an even dozen of the squares, showing that \$12,000 was in hand with which to start the campaign. Other speakers at the chapel exercises Thursday were Miss Weaver, dean of the college, and Mrs. E. C. Lambert, alumnae secretary, both of whom spoke of the benefits of the movement to the students and the alumnae.

Under the superb leadership of Dr. Joseph R. Harker, and with the support of the loyal alumnae and friends, the campaign must not and most certainly will not fail. The following trustees have been appointed as an endowment committee and will have charge of the campaign: E. E. Crabtree, chairman; J. W. Walton, Charles P. Gillett, Mrs. F. H. Rowe, Harvey Sconce of Siddell, Hiram B. Prentice of Chicago, Mrs. Mary Callahan Mercer of Robinson, Mrs. Frank Robeson of Champaign and Mrs. E. C. Lambert.

CALUMET
BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

A PLEA FOR CULTURE

Supt. Blair Tells How He Would Pack the Children's Mental Trunks

A highly appreciative audience gathered in the high school auditorium yesterday afternoon to hear State Superintendent of Instruction Blair speak on what goods he would place in the mental trunks of the young travelers about to start out in the journey of life.

A very brief outline of his excellent address is given: This is eminently a practical age and the imaginative and poetical instincts are far too apt to be crowded out. In our studies the great question is constantly before our minds: what is the practical value of the matter contained in the book? Can we give a scientific definition of the theme?

Herbert Spencer was once asked to define evolution and the great words used would stagger any one but a scholar, yet his definition has been pronounced a masterpiece, but take the beautiful first chapter of Genesis with its lofty theme and grand poetical expression and there we find in terms which all may understand the doctrine of the Infinite One when He called into being the world of ours. How first He created light and then the firmament; how with His omnipotent fiat He called into existence the division of the dry land from the waters and caused the green grass and herbs to grow; how He people the sea and air with living creatures; how He hung in the heavens above the lights to rule the day and night and finally how in lofty terms we are told how His almighty will called into existence the animal creation and man, in His own image, noblest and grandest of all; placed here to rule over land and sea and over all living things.

Here we find the noblest poetry and space for the grandest flights of imagination.

A man once remarked to me that it was a shame that so many of our nation, shut up in mines and factories, were unable to enjoy the setting sun, but I told him that very many not so shut up had not in their souls any sense of the beautiful or desire to see the setting sun.

Again: how do we speak of death.

One man says: "He is dead."

"How beautifully Tennyson says it, 'The finger of God touched him and he slept.'"

Or as Shakespeare says it: "After life's fitful fever is over he sleeps."

How beautifully Eugene Field tells of the Little Boy Blue whose playthings were of no more use to him and how they are waiting and wondering why he doesn't come for them.

I pity the man who has no poetry in his heart; no love for the beautiful. Many teachers are actually stopped by parents who forbid them to teach the children anything imaginative.

The soul of every man has poetry in it; the poet is dormant there. A student wanted to know what was the sense of the expression:

"The shadow of a monarch's crown was in her hair."

He was educated and cultured, but so neglected had his education been that he had to call on an under-graduate to tell him.

I pray you all as teachers and as parents to cultivate that poetry which is in the heart of every person. There is the good, the true, the beautiful in all if it only can be brought out. There is always enough of the good and practical without having it cultivated; let us while we are preparing to make money not forget the nobler part of our natures, but cultivate them and improve the noble instincts and thoughts in the innermost soul of every one.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine-double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by Armstrongs' drug store, under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless and cannot injure the most tender skin.

Be sure to ask Armstrongs' Drug store for the double strength othine; it is this that is sold on the money back guarantee.

FAVOR DRAINAGE PLAN.

National Congress Will Urge Government to Undertake Huge Plan.

The First National Drainage congress, whose deliberations are expected to prove of great importance to the entire Mississippi valley, have opened for a three day session in New Orleans, with several thousand delegates in attendance.

The object of the conference is the advancement of a policy calling for the aid of the federal government in the drainage of wet and overflow lands of the south and other sections of the country, the argument being that if it is proper for the national government to expend vast sums for the irrigation of arid lands in the west, it is equally proper for the government to aid in draining the consequent wastes from the fertile lowlands of the east. Such an undertaking would cost nearly \$2,000,000,000.

CHILD WAS SHOWN.

Parents Say, "I Think Vinol Saved Her Life."

Parents are who are trying to break up children's coughs quickly, but they are not always as wise as this mother in the means they adopt.

Mrs. Willis Vanhagen of Bloomington, N. Y., says: "My small girl had bronchitis all winter till the doctor said it was chronic and we were afraid we should lose her. I commenced giving her Vinol three times a day and now she is growing fine and has no cough left."

Children like to take our delicious tonic, Vinol, because it is pleasant. And it is much better for them than so-called "cough medicines" for they have no strengthening power, while Vinol builds up the body and makes the blood rich. Give Vinol to your delicate run-down children (and take it yourself if you are not as strong as you should be), and you will be delighted with the results. If you do not we give back your money. TRIED TO END HER LIFE.

Girl Attempts to Jump Into River at Chicago.

Chicago, April 11.—A well dressed girl about 18 years old, climbed on the railing of the Randolph street bridge late today and tried to jump into the river. Her skirt was seized by a man who was walking across the bridge just as she sprang. His grip held and the girl hung head down until policemen came in pulling her back to safety.

At the police station she refused to explain her act.

"Go away and let me alone. I won't say a word," she told the police.

The police were unable to learn her identity.

PROGRESS MADE.

Philadelphia, April 11.—The sub-committees of miners and operators appointed at the conference yesterday to take up the work of organizing a union among the coal and iron working men, held a three hour session today and at its conclusion gave out a brief statement that "progress had been made."

The committee will go into session again at 10 o'clock tomorrow morning. No statement as to the result of the committee's labor will be made until a report is ready to present to the full committee of operators and miners.

JACK JOHNSON SUE.

Anna Held's Opinion of An Automobile

Arthur Bunker Motor Car Co.

"I cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around your beautiful boulevard is the easiest riding American built car I have seen. Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought their equal."

Respectfully yours,
Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

ENDORSE STREET RAILWAY ORDINANCE

Business Men's Association Examine Franchise, Endorse Work of Commissioners and Urge Adoption.

Yesterday this body carefully went over the provisions of the ordinance granting a franchise to the Jacksonville Street Railway Company and gave it its hearty endorsement. Tuesday April 16th the electors will vote on this franchise, the first vote of this kind under the Commission Form.

The Business Men's Association reviewed the ordinance section by section and passed the following resolution:

"Resolved, that the Business Men's Association compliment the city commissioners for their faithful and good work in preparing this ordinance; that this Association give it support and recommend it to the citizens and do all in its power to secure its adoption."

Legal opinions on both sides differed. It looked like an expensive and long drawn out law suit that would go through the courts and entail useless expense on both sides. The Commissioners have avoided this and arranged a fair settlement—fair to the Company and beneficial to the city.

When You Vote Yes You Secure for the City

Three per cent of the gross income of the company that will amount to from \$35,000 to \$50,000 in twenty years.
Right of way for all interurbans on easy terms.
100 tickets for \$4.00 or four cent fares if desired.
Half fare tickets for school children up to 18 years of age.
Special car service to early morning trains.
Supervision over the cars and service of the company.

One-Man Cars Must be Satisfactory

The franchise allows the company to use the new one-man-near-side cars if desired. These are a new design of cars with the rear closed, making a platform for smokers. They stop on the rear side which lessens the liability of accident. They have the pay as you enter feature which is generally adopted. All passengers enter and leave under the eye of the motive power operator and the steps are only down and the doors open when the car is stopped. This does away with the danger of accident. However, if these cars are not satisfactory they must be replaced by some other type of modern car. The following clause from the section authorizing their use explains the control of the city.

The above endorsement coming from this organization representing a large part of the people of the city means that the proposed franchise guarantees both to the city and the company a square deal. The operation of the one-man-near-side car was carefully discussed and this clause was approved when it was understood that the city had control of the operation of these cars and that it could demand their discontinuance in case they were not satisfactory or did not make schedule time.

Commissioners Have Done Good Work

The commissioners have done careful work in preparing this franchise. The ordinance presented by the company and that drawn by the city attorney were gone over in numerous conferences. There was a disposition to give and take on both sides and the proposed ordinance is the result. The commissioners held out for three per cent of the gross income and secured it. There was no disposition to work a hardship on the company. For years there has been a difference of opinion on the status of the old street railway ordinance.

"If grantee because of the employment of the type of car above described shall be unable to properly maintain its schedules, or if operation of such type of cars is found to increase the dangers over grantee's present method of operation, then in either such event the use of such type of cars shall be discontinued and the same shall be superseded by such other modern type of car as shall be agreed upon by said city and grantee."

Section 6 also states as follows:

"The grantee hereby agrees to equip its Street Railway System with the most approved finish and design of cars and to maintain upon its road good and convenient cars to accommodate public travel etc.

These sections absolutely require that the service be satisfactory and that the equipment be up to date and satisfactory.

Grain Letter.
Chicago, April 11, 1912.

Wheat—Damage reports overshadowed all other influences. Outside interest has greatly increased. There was sharp demand for the new crop deliveries. Lichstein brokers took advantage of the strength to sell May wheat. Some July selling was also attributed to the same interest. Some July selling was also attributed to the same interest. ELECTION TOTALS ARE COMPLETED

Canvassing Board Almost Through With Arduous Duties—Republicans Cast More Votes Than Democrats.

The election canvassing board of Morgan county has practically completed its work as the totals were secured Thursday evening. These must be tabulated this morning and there may be some slight changes when the columns are run over again. County Clerk Bonuff has 'Squire Whitlock of Murrayville and 'Squire W. N. Luttrell of Franklin associated with him in the canvassing work. The returns show that more Republicans voted Tuesday than Democrats, as there were 2,532 Republican ballots and 2,350 Democrats. The presidential preference figures are: Taft 579; Roosevelt 1,647; LaFollette, 224; Clark, 1,295; Wilson, 895.

DEFENDS COTTON EXCHANGE.

Privilege of Hedging and Dealing in Contracts Necessary.

Washington, April 11.—George W. Neville, president of the New York Cotton exchange, defended that institution to day against the anti-option bills pending before the house committee on agriculture. Mr. Neville said the privilege of hedging and dealing in contracts on cotton futures was necessary to maintain the equilibrium of the cotton market. Speculation, he averred, was a necessary condition to provide a free market at all times of the year. He said he thought the bills would mean the abolition of cotton exchanges and the consequent demoralization of the cotton industry in the United States.

Howard Ayers, president of the China-Japan trading company, spoke against the bills. He argued that if cotton men were not permitted to deal in futures the cloth market would fluctuate violently.

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shirks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

JOHN DEERE IMPLEMENTS

The New Deere Gang

The Only Plow That Has Both

Foot-Lift and Hand-Lift

Besides you'll find that the very name "John Deere" on any plow insures a lasting

saving to you in Service and Durability.

There is no plow made that has a better or easier Foot-Lift than the New Deere—

and it also has a separate Hand-Lift. It is the only plow that a boy can lift out of the

ground while the horses are standing still.

The New Deere Gang is the only plow that can be controlled perfectly while
